

Dear Cheese/Specialty Buyer,

As a frequent customer to your store, I've noticed that you do not carry the below-listed Rumiano Cheese Company product(s).

Rumiano Cheese Company has been family owned since 1921, located in Willows and Crescent City California. They produce the only Non-GMO Project Verified cheese available, using milk from Del Norte and Humboldt counties.

Below is a listing of the organic Non-GMO Project Verified cheese offered by Rumiano Cheese. I have checked the varieties I'm interested in purchasing regularly from your store.

Please let me know when I can begin purchasing Rumiano Cheese products in your store.

Sincerely,

Dedicated Customer
